

H PUBLIC MEETING / PUBLIC HEARING NOTICES AND ADVERTISEMENTS

As part of the public involvement program, DDOT conducted two public information meetings and a formal public hearing to inform as well as solicit input from the general public on the proposed project during the initial EA effort. Numerous methods were employed to publicize the public meetings and hearing, including newspaper advertisements in The Current Newspapers and El Tiempo Latino Newspaper as well as announcements on both the project website and DDOT website. Postings were also made to the surrounding communities' and Advisory Neighborhood Commission's (ANC) listservs and announcements were mailed to adjacent property owners. These same notices were used to advertise the availability of the Environmental Assessment. The two public meetings and one public hearing were conducted on the dates listed below. Copies of the associated announcements for each of the public meetings are provided in this appendix.

- Public Scoping/Concept Development – July 13, 2011
- Public Alternatives Meeting – November 8, 2012
- Public Hearing – November 5, 2013

Immediately after FHWA approved the Revised Draft EA for public review on October 15, 2020, DDOT conducted a virtual public involvement process via the project website in order to reduce the risk for COVID-19 (as defined by the Center for Disease Control) and in alignment with Mayor Bowser's current Coronavirus Phase Two Guidance at the time of publication. Announcements of the availability of the Revised Draft EA were emailed to all individuals and special interest groups who requested to be on the project mailing list throughout the project (n=386), and availability letters were also individually mailed to agencies, elected officials, utility representatives, and other project stakeholders (n=55). Copies of the standard availability letter and email are provided in this appendix.

The project involves the rehabilitation of the 1.5-mile segment of Broad Branch Road between Linnean Avenue and Beach Drive, NW. Proposed improvements have been developed to address current infrastructure deficiencies as well as community and safety concerns. The Environmental Assessment (EA) evaluates the proposed improvements and documents the alternatives considered, their potential impacts, costs and mitigations.

The purpose of this Public Hearing is to afford all interested persons the opportunity to provide comments regarding the project. A presentation will be made at 6:30 pm, followed by an open house, and public testimony will begin at 7:30 pm. Maps, displays, and copies of the EA will be available at the hearing. Copies of the EA are also available on the project website (www.broadbranchrdea.com) as well as at the following locations:

District Department of Transportation, 55 M Street, SE, 4th Floor, Washington, DC 20003
Federal Highway Administration, 1900 K Street, NW, Suite 510, Washington, DC 20006
Chevy Chase Branch Library, 5625 Connecticut Avenue, NW, Washington, DC 20015
Cleveland Park Neighborhood Library, 3310 Connecticut Ave NW, Washington, DC 20008
Tenley-Friendship Neighborhood Library, 4450 Wisconsin Ave NW, Washington, DC 20016

Both oral and written statements will be taken at the Public Hearing. Comments may also be submitted via e-mail to BroadBranch@arjans.com or mailed to Wayne Wilson at the District Department of Transportation, 55 M Street, SE, 4th Floor, Washington, DC 20003. Comments for the formal hearing record will be accepted until November 22, 2013.

REVISED DRAFT EA AVAILABILITY – EMAIL ANNOUNCEMENT

Subject: Notice of Availability - DDOT Broad Branch Road - Revised Draft Environmental Assessment and Section 4(f) Evaluation

On behalf of the District Department of Transportation (DDOT), in cooperation with the Federal Highway Administration (FHWA) and the National Park Service (NPS), the Revised Draft Environmental Assessment (EA) for the Rehabilitation of Broad Branch Road, NW is now available. The Revised Draft EA analyzes a range of alternatives for the rehabilitation of the 1.5-mile segment of Broad Branch Road NW, between Linnean Avenue NW and Beach Drive NW. The Revised Draft EA updates the findings presented in the initial EA which was published in October 2013. The FHWA has oversight responsibility for the Federal-aid program and has participating funds in this project. The existing two-lane Broad Branch Road lies almost entirely within DDOT right-of-way and is maintained by DDOT. The eastern edge of the roadway between 27th Street and Beach Drive borders Rock Creek Park, which is owned by the federal government and administered by the NPS.

The Revised Draft EA was prepared in accordance with the National Environmental Policy Act of 1969 (NEPA) and assesses the potential impacts of the proposed alternatives on the natural, cultural, and human environment. Additionally, the effects of the project to resources protected under Section 4(f) of the U.S. Department of Transportation Act of 1966 have been evaluated as well as historic resources in accordance with Section 106 of the National Historic Preservation Act of 1966.

DDOT is inviting you to review the Revised Draft EA. However, in order to reduce the risk for COVID-19 (as defined by the Centers for Disease Control and Prevention) and Mayor Bowser's current Coronavirus 2019 Phase Two Guidance, a complete digital copy of the Revised Draft EA; including all technical appendices will be placed on the project website: www.broadbranchrdea.com. The document will consist of several files for the ease of downloading.

The Revised Draft EA will be available for public review starting October 16, 2020 and comments will be received on the website until November 16, 2020. Only written comments via the project website can be accepted during this 30-day comment period.

You are receiving this email because you provided your email address during a project public meeting/hearing, or signed up on the project website.

Thank you,

BROAD BRANCH ROAD STUDY TEAM
