PUBLIC MEETING / PUBLIC HEARING NOTICES AND ADVERTISEMENTS

As part of the public involvement program, DDOT conducted two public information meetings and a formal public hearing to inform as well as solicit input from the general public on the proposed project. Numerous methods were employed to publicize the public meetings and hearing, including newspaper advertisements in The Current Newspapers and El Tiempo Latino Newspaper as well as announcements on both the project website and DDOT website. Postings were also made to the surrounding communities' and Advisory Neighborhood Commission's (ANC) listservs and announcements were mailed to adjacent property owners. These same notices were used to advertise the availability of the Environmental Assessment.

The meetings were conducted on the dates listed below. Copies of the associated announcements for each of the public meetings are provided in this appendix.

- Public Scoping/Concept Development July 13, 2011
