

# DISTRICT DEPARTMENT OF TRANSPORTATION METROPOLITAN BRANCH TRAIL - SOUTHERN SEGMENT **PHASE D** SCOPE OF WORK

DDOT's Metropolitan Branch Trail (Fort Totten) project is construction of a new multi-use trail from John McCormack Dr NE to 1st Place NE.

This project will facilitate local access between the Fort Totten Metro and Catholic University. Phase D, the final portion of the project will begin Summer 2020.

This phase will include:

Construction of three (3) retaining walls

Installation of drainage system along proposed trail

Landscaping improvements

Trail Signage

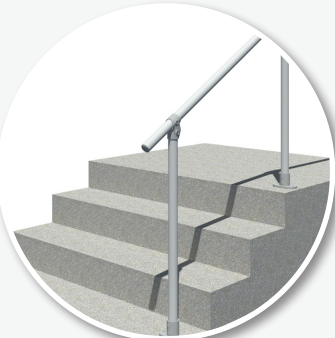

Pavement markings

WMATA fence replacement

Installation of Pedestrian lighting and security cameras

Concrete stairs and sidewalk ramps

Restoration of disturbed areas
