Subject: Rule 13-100 - Proposed Rulemaking - Sign Regulations for the District of Columbia - Comments

As the owners of the three predominant pedicab companies currently operating in Washington DC, we wanted to thank Alice Kelly and the entire Policy, Planning, and Sustainability Administration within the District Department of Transportation for taking the time to listen to our industry's concerns regarding the proposed sign regulations over the last year. We appreciate that Alice and the rest of DDOT have always been open to hearing our concerns, listening to our ideas, and working to implement regulations that promote safety and a visually pleasing environment throughout the District, while also ensuring that our ability to remain commercially viable is not jeopardized. We are in favor of the sign regulations as currently proposed.

Sincerely,

John Zielke, DC Pedicab
